

Spiders

Pre-assembled irrigation components for containers, greenhouses, nurseries, gardens pot irrigation.

Labor saving

Flexible location

Environmental

/ Benefits & Features

- **Labor saving** Pre-assembled components reduce labor time and cost, utilizing innovative assembly technologies that assure product reliability.
- **Flexible location** Drippers can be positioned exactly where required. Allows to split the drip supply to a number of drip outlets.
- **High quality & environmentally friendly** All the drippers and assembly components were designed and produced under the same quality standards identifying all the Netafim™ products. The tubes are made of environmentally-friendly materials that can also be recycled, similar to the integral driplines.

/ Specifications

- Maximum working pressure must match the pressures specified for all Spider components.
- Wherever there is more than one irrigation point it is recommended to use the Spiders with Arrow drippers as an end product in order to unify the flow of each of the points.
- Wherever the Spiders serve a single irrigation point, the Netafim™ spike can be used.
- It is highly recommended not to design flows below 0.5 l/h per each irrigation point, namely, if a 2 l/h hub dripper is used, no more than 4 irrigation points should be designed. If 1.2 l/h hub dripper is used, no more than 2 irrigation points should be designed. This applies to all other flow models.
- The next page in the sheet details descriptions and assembly method of the Spider's different models.
- High UV resistance. Resistant to standard nutrients used in agriculture.

Components available for your choice of assemblage

Start product

- 1 Flat manifold x 4 outlets
- 2 Flat manifold x 4 outlets w/nipple
- 3 Flat manifold x 2 outlets
- 4 Flat manifold elbow, one outlet
- 5 Upright manifold x 4 outlets
- 6 Upright manifold x 8 outlets
- 7 "T" 5 mm connector
- 8 Adapter to integral dripper
- 9 PCJ™ or any other on line dripper
- 10 W/o start product

End line product

- A Straight arrow dripper
- B Straight w/splitter arrow dripper
- C Straight w/plug arrow dripper
- D Angled short arrow dripper
- E Angled long arrow dripper
- F Spike

Micro-tube

SSPE micro-tube 3*5 mm, 80 cm lenght, black
 SSPE micro-tube 3*5 mm, 40 cm lenght, gray
 SSPE micro-tube 3*5 mm , 60 cm lenght, gray
 SSPE micro-tube 3*5 mm, 80 cm lenght, gray
 SPE micro-tube 3*5 mm, 40 cm lenght, black
 SPE micro-tube 3*5 mm, 60 cm lenght, black
 SPE micro-tube 3*5 mm, 80 cm lenght, black
 *please, add any required lenght by writing
 SPE = Soft Polyethylene
 SSPE = Super Soft Polyethylene

The draws are non-uniformly scaled.
 They are for illustration purposes only.
