

# MegaStand™ floating base

Upgrade to an optimal floating evaporation system with top-tier components to maximize performance. Netafim™ solution ensures peak evaporation efficiency, minimizing labor costs and maximizing hydraulic performance for comprehensive coverage across ponds.

Efficient  
installation

User  
friendly

High  
durability

## / Benefits & Features

- **Efficient installation**      Offers structural simplicity for long-lasting performance
- **User friendly**              Offers intuitive design and simple handling
- **High durability**             Offers superior resistance to chemicals and acids, minimizing maintenance and repair costs. Components are crafted from materials designed to withstand high acid concentrations found in mines.
- **Cost effective**                Low maintenance and running costs.

## / Specifications

- To be used together with MegaStand™ components.
